Greetings Family and Friends.

We trust you all are well and enjoying these last days of summer for 2011. With the events happening in the world around us sometimes it appears to be near the “last days”. We are mindful of each of you who pray, give and encourage us. Thanks for serving with us as we seek to make a difference in people’s lives both here and abroad. The Lord has been so faithful and continues to bless everyday. Read on for how the Lord is working in spite of the turmoil in the world today.

SOUL CARE RESOURCE CENTER INC.

Our Soul Care Ministry continues to bring help, hope and healing to many hurting people. Life’s hardships and injuries can be so difficult for us to live with. The resource library continues to be a source where people find help. Many are taking courses for training and equipping themselves in order to help others. We trust God to use this ministry to bring many more to that place where they too will find healing from their past. Check us out on the web.

RADIOS TO THE QUECHUA IN BOLIVIA

The Lord provided and enabled 3 more teams to travel to Bolivia with another 3700 radios bringing our total to over 30000. This now means many more remote Quechua communities now can hear the message of the Gospel. During our July trip we trekked into one of the most isolated communities, Moroto, only accessible by foot. This experience enabled us to better understand the hardships necessary to reach people with the Gospel. It was an “uttermost parts” experience. PRAISE GOD !! We continue to hear testimony of how the radios have helped in so many communities... salvations, growing in faith, churches being established and even sharing the “good news” with others. These are definitely “WOO HOO “ indications of how the Lord is using the radios to reach the Quechua with the truth of His Word.
