Here is short story from one of our leaders, Jeremy, at Simon Fraser University (Vancouver):

"I just followed up a student from \$1000 In Change contest (a national contest we are running right now). Francis is an international student from China, arrived a few weeks ago to Canada. Was interested in learning about God. His mom is a Christian and he has been to church in China a few times. Had heard some of the content of the gospel and as we walked through it, he wanted to have a relationship with God. Prayed to accept Christ on the spot. Have met for follow-up once and he now has a Chinese New Testament and is praying for his girlfriend in China to accept Christ too."

This is just one story. We just heard that 6 students have already made a decision to trust Christ in Calgary. 3 students put their faith in Him at Laurier YESTERDAY. God is at work!!! Thank you for your partnership that makes this all possible. Please continue to be praying.

In Christ,

Allan + Natalie Self
